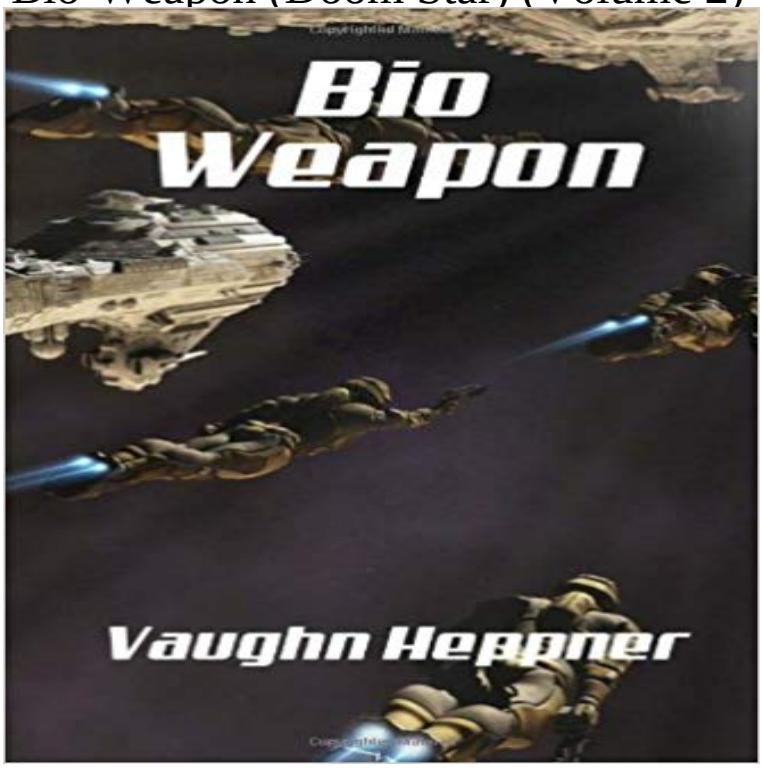
Bio-Weapon (Doom Star) (Volume 2)



Humans are the warheads in a lethal contest of missiles vs. long-range beams in deep space. The desperate Homo sapiens of Earth launch their experimental beamship. Its ultra-tracking and breakthrough technology allows it to out-range the Doom Stars. The Highborn want that ship. They send swarms of missiles, knowing few will reach it. In the nosecones are their secret weaponsFree Earth Corps heroes from the Japan Campaign. Launched from the giant missiles like shells in a shotgun, Marten Kluge and his friends must ride their torps into the particle shields and storm aboard the beamship or die in the cold vacuum of space. BIO-WEAPON is the story of a suicide-ride to hell through a techno blizzard, written by Vaughn Heppner.
