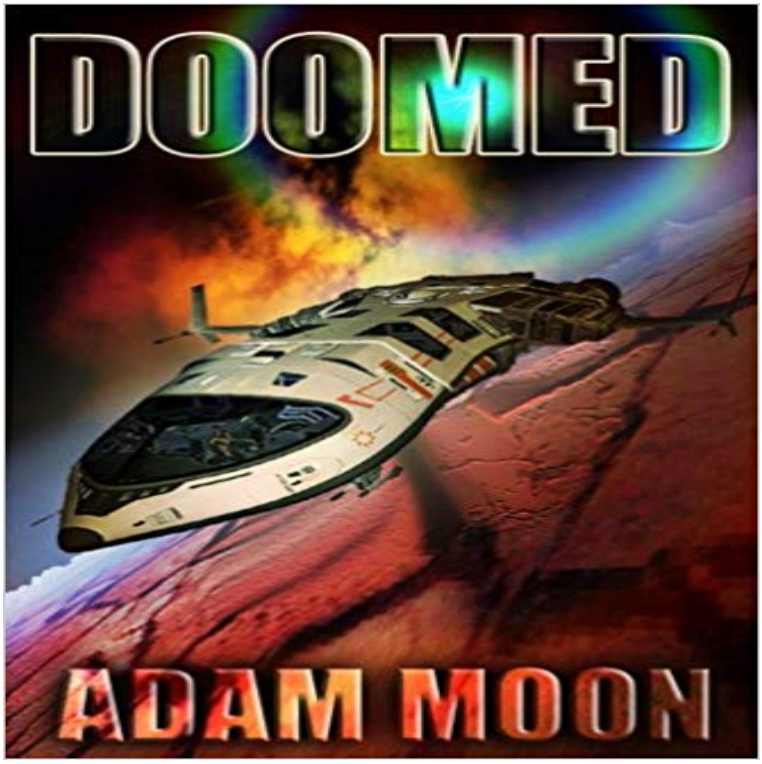
Doomed



Mikes body is changing. His hair is falling out. His skin and eyes are lightening. Little does he know that alien creatures are altering his DNA so he can survive on a colony planet because the Earth is about to be destroyed.When hes abducted and transplanted onto the faraway world, he finds out that it has already been claimed by a warrior race of aliens.Can he and his fellow colonists survive on a hostile world with enemy neighbors?When he meets a strange creature living in a cave who seems to have more answers, can he handle the truth?
