

The Invariable Man

Old Micah Dresden has an uncanny talent for repairing broken technology. This is fortunate for him, because he lives in the Boneyard, a junkyard that stretches for miles in the Desert Southwest. When a stranger shows up whispering rumors of war a revival of the terrible Machine Wars of a decade before Micah determines to activate Machine X, a futuristic ship designed by the defeated enemy AI and now locked away by the government. To reach it, Micah and his obsessive-compulsive robot Skip will need to battle through scavengers and the dreaded Beast. But none of this prepares him for what he ultimately discovers.
