

Apocalypse with a Side of Grilled Spam: The Strangelets Series, Season One

After spending more than 21 months on Amazon's Top-100 lists, *Strangelets with a Side of Grilled Spam: Season One* takes us further into the post-apocalyptic world of the original short story. This audiobook contains all four episodes of the *Strangelets* series. Pursued by packs of deadly steelies, Lieutenant MacWilliams and his Humvee crew have journeyed through an America shattered by an alien invasion. Things look grim...until MacWilliams comes across something that could turn the tide. It falls to him and his crew to get the word out across a land choked with post-apocalyptic wreckage and teeming with deadly alien monsters. Their journey is blocked by steelie hunter-killers, vision-shrouding sand storms, and nightmare plains turned to radioactive slag by nuclear fallout. And at the end looms their final confrontation with a horde of aliens set to wipe out the human species! **Warning:** This audiobook contains multiple scenes with violence and gore. It also contains a limited amount of bad language and adult situations. Some listeners may find this type of content offensive; please allow for this before purchasing.
