

The Bewitching Tale of Stormy Gale

London, 1841 There I was, retired from time pirating, enjoying a full if somewhat conventional life as a wife and mother. Then a chance encounter with a stranger drew me back into a world I thought I left, quite literally, in the past. From his odd behavior and even odder answers to my questions, I knew Phineas Grubb was up to something. I should have trusted my instincts before he pulled out a time-travel mechanism and dragged my brother, Bacon, back with him... Salem, 1698 The infamous Witch Trials may have ended a few years earlier, but the people of Salem are still pretty touchy about outsiders that appear in town as if by magic. Thanks to Grubb, my brothers been accused of witchcraft and thrown in jail. Now its up to me and my husband, Dev, to save Bacons bacon before the hysteria starts up again, and the course of history is altered forever... Sequel to The Twisted Tale of Stormy Gale. 48,000 words
