

Instigator (Contributor Trilogy, book 3)

The final book in the post-apocalyptic and dystopian young adult/new adult Contributor trilogy. Disillusioned and angry at the revelation of the Free Thinkers secret patron, Dara isn't sure whether her decision to join them was the right choice. Guilt over Letizia's loss plagues her, and she feels betrayed by one of the few people in whom she placed her trust. Adjusting to life outside of the domes hasn't been easy over the past six months, especially because the Free Thinkers' progress is so frustratingly slow. Nothing has changed, and she doesn't know how much longer she can deny her searing need for vengeance, or even whether she should place her faith in the Free Thinkers. The more the truth about both them and the Creators is revealed, the less certain she is that the two are all that different. What if she handed them the incriminating evidence they need to exploit to ensure a future that looks a lot like what the Creators envisioned? Yet Dara has never been more certain of one thing: the Creators must pay for what they did to her mother, for what they did to Letizia, and for what they've done to humanity.
