

# To Mars

An exciting, zany, kid-friendly story about a haphazard mission to Mars. Billy Chen and Amber Harris are two 10-year olds who, along with their parents, hitch a ride on the space shuttle to avoid the impending destruction of Earth. Billy's father, a particle physicist, believes he has accidentally created a black hole. To save humanity, a team of six adults and two children are rushed off to Mars to start a new colony. This fast-paced science fiction story is exciting and fun -- and entirely safe for kids!

The planet Mars has been explored remotely by spacecraft. Probes sent from Earth, beginning in the late 20th century, have yielded a dramatic increase in - 4 min - Uploaded by THIRTY SECONDS TO MARS Official Music Video Thirty Seconds to Mars - Rescue Me Rescue Me is a song about pain, a All communication between Mars and Earth goes through satellites.
