

Crooked Officer

Leroy works for one of the most Notorious men in Savannah GA, Massa. Massa runs a tight ship and never settles for excuses. Leroy's been doing a good job, until one day, on a routine assignment; a drunken Leroy fails to fulfill his obligations. He soon feels the wrath of Massa. Massa is a modern day slave master who runs the streets of Savannah. He preys on the weak and enslaves them. Because Leroy failed to complete his assignment, Massa preyed on his only son, Lebron; making him pay his father's debt. Since a child, Lebron wanted to be one of Savannah's finest. He worked hard to reach his goal, but things don't always go as planned, until one day he's offered a deal he can't refuse. Crooked Officer is a different, but entertaining read that will have you climbing the walls for more.
