

# Hands on Sports Therapy

Hands on Sports Therapy covers the whole range of subjects required for college and university courses in Sports Therapy. It is an introduction to the field of sports therapy covering the basic theory of fitness and exercise, clinical assessment and treatment of sports injuries. The book is aimed at both students and experienced therapists.

The main purpose of Sports Massage is to help alleviate the stress and tension which builds up in the body's soft tissues during physical activity. Welcome to Hands On Sports Therapy & Injury Clinic.
