

An innocent excited boy, a prince and heir, takes his first journey to the city. The streets teem with merchants in velvet robes, magicians, half-mad preachers, with life and color, poverty and noise. He doesn't want to miss any of it. But this is the last journey in his life as a prince. Soon he will be abandoned and declared dead. Soon he will be utterly alone, faced only with survival and what will become the driving force of his life: the quest to recover his stolen inheritance, his usurped throne. His home. A story of cities and palaces, of power-hungry lords and ladies scheming inside a magically threatened land. Intricate, compelling, *The White Mists of Power* is the debut novel of a woman who has gone on to have a seismic impact on the science fiction and fantasy field. "A grand adventure."? - Orson Scott Card "A traditional high fantasy novel... Rusch has added elements that make it original and unique. The story is strong, the magic subtle and mysterious."? - Locus "A prince reclaiming his lost kingdom is... a compelling story. Rusch provides some unusual twists. A remarkable amount of plot as well as beguiling characters."? - Publishers Weekly Award-winning, bestselling writer Kristine Kathryn Rusch has published books under many names and in many genres.
