

Turning the Tide (Last Stand)

In spite of Oneidas heroic stand against the Chinese steamroller, foreign armies are poised along the foothills of the Appalachian Mountains, preparing for the final assault and Americas inevitable defeat. For John, turning back the tide will mean going deep behind enemy lines and organizing the very insurgency he fought so hard against in Iraq. But more than that, itll mean coming to terms with the brutality of war and the realization that sometimes the deepest scars are the ones that cant be seen.
