

Zhang Jinzhe pediatric trauma surgery (fine)(Chinese Edition)

HardCover Pub Date: November 2006
Pages: 788 in Publisher: Zhejiang Science and Technology Press
Some people say that the trauma is a disease in developed countries. science and technology is more developed. more trauma. the more severe. Because the goal of the progress of science and technology is a high-speed high-efficiency. but the faster the harder it is to control. the more traumatic. even if life trauma. high speed will certainly become more serious consequences. In children are also more vulnerable due to the lack of self-protection. while the adults take care of ill trauma. Zhang Jinzhe pediatric trauma surgery include specific technologies from basic principles to the different specialties of diseases. Chapter 13. the chief physician basically responsible for the first line by the Beijing Childrens Hospital specialist penned. The authors introduce the technical kn...
