

Leadership Roles and Management Functions in Nursing: Theory and Application

This hands-on nursing management text offers preparation for tomorrow's nursing leaders. With its strong emphasis on critical thinking and problem solving, the book's practical guidance seeks to help today's students become tomorrow's decision-makers. Case studies bring basic theories of nursing management to life through applications in real-world scenarios. Tips on collaborative care, personnel management, and documentation help define roles and responsibilities for nursing. There are also tables offering information at a glance.
