

Neptune Rising

Pirates threaten the British Empire in an alternative history of steam-driven adventure! War crushes Europe in its iron fist. As mechanical monsters stalk the trench-scarred battlefields, a new threat emerges in the Caribbean. Major David Jones is sent on a reconnaissance mission - a task that soon becomes all too personal. Steampunk pirates meet dreadnoughts, submarines, airships and ornithopters in this breathlessly-paced adventure. Praise for Rod Gillies steampunk writing: Classic adventure set-up followed by a hectic, exciting chase that doesn't let up - Amazon UK review Real boys own adventure, left you wanting more - Amazon UK review Non stop action from start to finish ... a military thriller set in a steampunk world - Amazon US review Great twists, suspense, and lots of action - Goodreads review Fast-paced, action-packed fiction. The story moves really quickly, the characters are likeable and realistic and the writing is excellent - Goodreads review
