

Nightwalk

New from the author of *Dead Stop* and *Spiderstalk* Welcome to Coventry Woods,...a tranquil, middle class neighborhood where trees turn the streets into shady tunnels, soccer moms jog on secluded paths, and backyard barbeques are weekend staples. Its a quiet, urban example of the American dream. Here businessmen are neighbors with radio DJs, young doctors buy their first houses, and author Mark Garrett has been settling in with his lovely new wife and stepdaughter. But tonight Marks new neighborhood is going to come with something he never bargained on. The pits of hell have yawned wide and poured their contents into the midnight streets and homes of Coventry Woods. Everything has gone insane. Shots and screams ring out in the night, while death stalks the darkness in forms this earth has never before seen. Even worse, the only hope of escape is by foot. Now Mark, along with his stepdaughter and his back-fence neighbor, must flee the neighborhood while attempting to help anybody they meet. And it wont be easy. They will be walking a gauntlet of unearthly predators, as they strive toward a goal they arent even sure still exists...the outside world.

Kinkajou Night walk, is a walk for those who Want to observe the forest and its creatures at night. It is the perfect place to observe different species of animals
