

Dreadnought And Shuttle: Halcyone Space, book 3

When a reckless young computer programmer resurrects the damaged AI on a long dormant freighter, she and her accidental crew expose explosive secrets from a war they were taught ended decades ago. Welcome to the universe of Halcyone Space. Charged with protecting Ithaka and its covert rebellion from discovery, Ro and the members of Halcyones crew learn to lead double lives within the Commonwealth. Their plans to hide in plain sight disintegrate when Alain Maldonado Ros father returns seeking revenge and takes a hostage to ensure their cooperation. As the former shipmates track Maldonado down, each course they plot endangers the life of his hostage, threatens to reveal Ithaka, and uncovers conspiracies that could brand them all traitors. DREADNOUGHT AND SHUTTLE is book 3 of the Halcyone Space series of science fiction space opera adventures that began with DERELICT and continued with ITHAKA RISING. A kindle bestseller upon its release in 2014, DERELICT has been described as: ...not the usual YA. Nor is it the usual space opera. While some of the characters are military, theyre not the heroes. In the second book, in fact, it becomes pretty clear that the Commonwealth, the interplanetary government, is no benign Federation, that there are serious cracks within society, and history has been... sanitised. A diverse cast, real consequences to physical injury, no easy fixes, realistic character arcs... . --Mike Reeves-McMillan, reviewer, author, blogger
