I loved the story and he did an amazing job telling it. And that ending! Ill only say that I did not see it coming and I cant wait for the next one! Read this book! Kallias does not disappoint. - Van Warren

When the evil Obsidian Empire delivers a deathblow against the Star Alliance, fighter pilot Lieutenant Chase Athanatos leads a band of scattered survivors to the farthest reaches of the known universe, to a little planet called Earth. But Earth is in trouble. The Obsidian Empire is hot on their trail, and unless they find a way to stop them, whats left of the Alliance and the entire planet are doomed to extinction. With the help of the beautiful Commander Sarah Kepler and under the guidance of the goddess of love Aphroditis, Chase races against time to find a way to save the planet from total annihilation. Unbeknownst to him, something dormant is coursing through Chases blood. But does it hold the key to changing their destiny ? --- What to expect in these books: Epic space battles, dogfights, large fleet battles, alien first contact, alien invasion, galactic empires, alien worlds, action, adventure, mythology, supernatural powers, friendship, survival, suspense and romance. --- Authors sources of inspiration: Scifi and Space Opera books, movies and series like Star Wars, Star Trek, Babylon 5, Stargate, Farscape and many more. --- Fury to the Stars With Commander Sarah Kepler imprisoned and being brutally interrogated by her captor, Chase learns more about his birthright powers as he tries to locate her. It soon

becomes clear that he must learn to control them or he could end up destroying the very universe hes trying to save. Meanwhile the Destiny battle group is being escorted to Droxia to answer for their actions, unaware of what awaits them upon their arrival. On Earth, humanity licks its wounds when some unforeseen acts of terror threatens the newly found peace that the fresh and frail Alliance brought along with their arrival. An unexpected ally surfaces with information that could tip the balance of power for the first time since the Obsidian Empire obliterated the Star Alliance. But considering his past actions, can he really be trusted? Chase is determined to save his beloved Sarah at all cost, but with the fate of the universe in the balance and his overwhelming powers quickly coming to the surface, his task is not an easy one. Neither is the growing burden of responsibility already eating at his soul. Choices and sacrifices are to be made. But will Chase be able to live with the consequences of his actions? Destination Oblivion Still haunted by nightmares about Sarah, Chase leaves the Earth Alliance and discards both Aphroditis and Ares counsel in his quest for revenge. He falls into a dangerous dark pit of hatred, sorrow and regret which consumes his soul with every passing moment. In the meantime, the Earth Alliance, now equipped with better technology, is winning most of its battles against the Zarlack forces, while the Obsidian Empire enters into talks to join the Alliance, their once mortal enemies. When Argos finds the hiding place of the Olympians and decides to strike, he reappears on Chases radar. Blinded by rage and fully determined to unleash the full brunt of his vengeance upon Argos, Chase teams up with Keera, a sexy bounty hunter, to hunt him down with only one purpose in mind: to end his life once and for all. But nothing is really as it seems and Chases life is again about to be turned upside down.
