

USA Today bestselling author, Scarlett Dawn, scorches the pages with her fourth installment of The Cold Mark Saga, where secrets are revealed and heinous acts jump to life... Braita Valorn has found herself in another precarious situation. A battle rages on the shores of Joyal and the Mian are shaking the sand with their war cries. Trapped below ground inside the Presidents bunker, Braita isnt even safe. When steel doors are blown and gunfire erupts, Human blood floods the ground. The Mian wont stop. Theyll never give up the fight until theyre satisfied. Judgments are made, an archaic stand within Mian laws, and Braita finds herself charged with treason. But never one to sit during a battle, she risks her last chance of release on one set of Plumas. Will Braita find herself in more trouble of her own making or will she rise past atrocity to obtain her freedom?
