

The Training of Socket Greeny

Book 2 in the Socket trilogy. A year has passed since the Paladin Nation was exposed to the public. Their mission is still to protect humanity from whatever may threaten them. Previously, it was the human duplications, but now that they've been extinguished their biggest challenge is dealing with the complications of public image. Socket Greeny, now 17 years old, has been a Paladin cadet for the past year and is nearing the final test. But that's the least of his problems. He's trying to live two lives: one as a superhero while hanging onto his normal life. While fearlessly dealing with his masochistic trainer, he's trying to salvage his deteriorating relationship with his girlfriend back home. But Socket's greatest challenge is to find his true enemy. He discovers that fear has many faces.
