

Star Trek: Klingon (Adapted)

Master the Klingon Way of the Warrior as you undergo Starfleets training in the language, culture, and warfare of the Federations most lethal adversary: the Klingons. This is a frighteningly realistic episode that tests your mastery of Klingon phrases, customs, body language, and even the proper cooking of gagh. In this truly unique adventure, you are Pok, a young Klingon warrior caught up in the dangerous circles of Klingon clan politics. On the day of your Rite of Ascension, your father is murdered in his own home - and it is up to you, with the help of Gowron (leader of the Klingon High Council), to find the murderer and close the circle of vengeance. Along the way you will encounter strange aliens and treacherous friends, and even serve aboard the mighty bird of prey, the Tagana. Think, act, and speak like a Klingon, and you will become a warrior; think like a Terran and you'll be dead HaDblaH! For more Trek titles, browse our special Star Trek section!
