

The Midnight Robber (The Midnight Robber Trilogy Book 1)

The Midnight Robber is a Science Fiction/Fantasy novel set in a Trinidad and Tobago 1000 years in the future. A Trinidad and Tobago that has not only succumbed to global warming and tectonic instabilities but also to gang warfare and civil unrest. The most prevalent gang in the country is called The Masqueraders and it is run by the notorious Midnight Robber. The book follows the story of a young Trinidadian boy who, after witnessing the death of his father by the Midnight Robber, ventures to the office of the Prime Minister in the sunken city of Port of Spain with some friends that he met along the way. He does so in order to try to urge the Prime Minister to come up with a resolution for all the violence, but things ended up taking a turn for the worst.
