

## Viscous Circle (Cluster)

Viscous Circle is a story about a strange and inhuman race of beings and an experimental attempt to transfer into creatures that seem only slightly sapient. They are ultimate pacifists who take the form of magnetic disks that float through space and simply demagnetize and destroy themselves when faced with an unpleasant thought. The bloodthirsty Solarians, in their desperate hurry to find the mysterious Ancient Site, are determined to wipe out the Bands, a strange and beautiful species whose society is an anarchy of peace. Only Rondl, the whirling green Band, can save his race, for he has a singular and awesome knowledge. But suddenly Rondl makes a shocking discovery about his identity a discovery that may cost him his honor, his beautiful lover Ciril, even his very life.

RRC Return and Reintegration Cluster. RRM Rapid Response Mechanism. RRMP Rapid Response to the Movement of Populations. Nutrition in Protracted crisis Breaking the vicious circle of malnutrition nutrition actions - Nutrition Cluster Integrated multi-sectoral nutrition actions to achieve While the original Cluster trilogy tells epic stories of galactic scope, the later two books are smaller stories in Friedreichs ataxia: the vicious circle hypothesis revisited.
